UNITED STATES INTELLIGENCE BOARD

COMMITTEE ON DOCUMENTATION

Standardization of Name Check
Form for Use by All U.S. Agencies

1. There are many U.S. departments and agencies which use one form or another to control name checks. CIA has collected some twenty-four of these and many more exist.

2. A preliminary consideration of the merits of standardizing a name check form for use throughout Government has led the CODIB Working Group on Common Intelligence Report Format (WGIR) to recommend CODIB action.

3. CODIB members are requested to consult with interested representatives of their departments or agencies and be prepared to discuss at our next meeting what CODIB's action should be. Members should feel free to address queries to the Chairman, WGIR,

Paul A. Borel
Chairman
